

The Ohio Walleye Federation – Mosquito Lake (Qualifier #1) Results

Streetsboro, OH – April 18, 2019

The temperature was forecasted to be cloudy, with a high near 67°. This turned out not to be the case. Miserable weather conditions plagued anglers during the Ohio Walleye Federation's (OWF) first qualifier at Mosquito Lake. Despite the high winds, cold temperatures and rain, it did not affect the 38-boat field when it came to catching walleyes. Many anglers were able to capitalize on the strong walleye bite before the crashing cold front that shut down the bite, shortly after sendoff.

The team of Chase Cominsky and Jeff Stitt won the tournament with an impressive 5 fish limit weighing 17.09 lbs. Cominsky & Stitt were jigging newly emerging weeds in 2-4 FOW, along with dead-sticking creek chubs. The team of Anthony Naples and Gary Gaca were in 2nd place jigging up a limit of fish weighing 15.29 lbs. The 3rd & 4th place teams of Travis & Papalia (14.03lbs) and Cook & Fitzgerald (13.27lbs) were trolling leadcore, with flicker shads, in 16-20 FOW. Rounding out the top 5 was the team of Erick Williams & Sam Cappelli that were pumping Vib-E's in 18-22 FOW for a 13.05 lb bag. For more results, visit <https://www.fishowf.com/2019-results>.

Forged from a 21-year tradition, the Ohio Walleye Federation represents the growth and expansion of the Western Walleye Reserve and the Buckeye Walleye Association. The OWF is a non-profit organization run by walleye anglers, for walleye anglers! The GOAL of the club is to promote good sportsmanship and promote fishing to all generations all while doing what we all love to do, FISH. Our motto is FRIENDS FAMILY HAVE FUN AND FISH!!!!

We pay out 100% of entries at every event. Last year we paid out over \$40,000 in entries and prizes. Special thanks to our great sponsors;

Ravenna Marine
Vic's Sports Center
Farmers Insurance
Worldwide Marine
