The Ohio Walleye Federation held it's first tournament of the 2016 season on Mosquito Lake on April 17<sup>th</sup>. After one of the mildest winters on record, and having snowed the weekend before. High pressure set up shop and dominated the skies for the rest of the week leading up to the event. By mid week the water temp was in the mid to upper 50s and outside temps ranging in the low 50s by mid week to the 70s by saturday. On Sunday morning it was no different with perfect conditions, calm blue skies and sunshine, for what would prove to be part of the winning formula needed in this event. After a tough week of prefish for most anglers, trying to find a pattern was difficult. Some trolled, some jigged, and some used blade baits. But on game day the teams that came in with limits used a combination of jigging techniques including fireballs, Samantha's Jigs, Blade Baits, Minnows and curly tails. Jigging was done in shallow water 2-5 FOW, Some deep water 18-20 FOW, and in the Stump Fields 10-12 FOW. The top 3 teams fished in the 2-5 FOW range with jig and live bait combinations and only had tenths of ounces separating them. It was the team of Cody and Chad Troyer that took top honors bringing in a weight of 10.56lbs. In 2<sup>nd</sup> place was Davies and Kerr with 10.47, Allhouse and Romano in 3<sup>rd</sup> with 10.39, Naples and Durkin in 4<sup>th</sup> with 10.12, and rounding out the top 5 was Erb and Burkholder with 9.57 and also catching the biggest fish of the day at 4.10. Next event Berlin Lake 5-1-16 See you there.

HAVE FUN AND FISH!!
